Open Day 2017– Air Hawkes Bay

For those who attended our Open Day we thank you for your attendance. We were pleasantly surprised to see a good turn out and it was great to have the opportunity to discuss flight training options with the attendees. We appreciated the opportunity to present key information concerning career pathway options and the training programmes we have available. We understand that choosing a training provider is a big decision to make, and we hope that after the attendees have read through our material they will have a better understanding of the course outcomes and how they lead into the succeeding career pathways.

As mentioned at the Open Day, seeing our graduates succeed in gaining employment is our key goal and we have continued to see success with our most recent graduates moving into jobs within the aviation industry. These outcomes endorse our unique programmes and delivery. The key messages from the Open Day are outlined in the enclosed PowerPoint presentation. Also attached is a recent article we will be placing in the Kiwiflyer magazine.

Regarding the Jan/Feb 2018 intake, we have already received several applications as a result of the Open Day. We will start interviewing later this month and if you are intending to apply we look forward to receiving the same.

If you have any questions, please do not hesitate to contact us. Also, we are available to show anyone around our facilities where you can meet with staff and students to discuss what we can offer.

Yours sincerely

Kevin England
Chief Executive
